CAREER OBJECTIVE

Seeking an entry-level position to apply relevant skills in a dynamic, collaborative environment for career growth and professional development

EDUCATION

Siddaganga Institute of Technology, Tumkur <i>Bachelor Of Engineering in Electronics and telecommunication</i>	2024-present
Siddaganga Polytechnic, Batawadi, Tumkur <i>Diploma in Electronics and communication</i>	2020-2023 CGPA: 9.50
Sarvodaya Primary and High School, Tumkur <i>Secondary School Certificate</i>	2020 74.4%

PROJECTS

Asthma Patient Vital Signs Monitoring and Indication System | *RP2040, Node-red, IoT, RTOS* 2023-2024

Engineered an IoT-driven health monitoring system with Firebase integration, a real-time mobile app (MIT App Inventor), custom PCB (Autodesk Eagle), and Node-RED for seamless data flow, ensuring prompt alerts and reliable monitoring for asthma patients.

Benchmarking Open-Source Korean-English NLP Models with BLEU Evaluation | *NLP, Colab, Hugging face* 2025

Built and fine-tuned Transformer-based Neural Machine Translation models for English-to-Korean using Hugging Face and PyTorch. Pre-processed bilingual datasets (DeepL, Kaggle, AI Hub) with Sentence Piece tokenization and evaluated performance using BLEU scores, benchmarking models like MarianMT and NLLB.

Smart ration Distribution system | *Pi 4b, IoT, MongoDB* 2025

Built a Smart Ration Distribution prototype using Raspberry Pi 4B that combines biometric authentication, IoT sensors, and a Flask-Node.js-MongoDB platform to automate ration allocation, prevent fraud, and provide live monitoring through a cloud-integrated website.

INTERNSHIP

New Wave Technologies - Internship

3 months, worked on varies IoT projects and Documentation VB

Technologies – Internship

1 month, worked on new technologies like IoT, Cloud, Programming, Projects etc.

TECHNICAL SKILLS & SOFT SKILLS

Languages: C/C++, python, Verilog, SQL

Technologies: IoT, Industrial IoT, Cloud, Data base

Core: Basic Electronic and Electricals, Analog & Digital Electronics, Digital VLSI, Computer Networks.

Developer Tools: VS Code, Arduino Ide, Blink, Tinker Cad, Matlab, Firebase, MIT App Inventor, Node RED, Micro Wind, Turbo C, Proteus, LTspice, Xilinx, Keli, Ladder kv, Kica, Colab.

Soft skills: Effective communication, Analytical thinking, Attention to detail, Self-discipline, Time management, PCB, Communication Skill, CAD.

CERTIFICATION

Data Structures and Algorithms using C++ - CodeChef	2024
ATT using C++ - CodeChef	2024
Matlab Onramp	2023
Iot wireless and cloud computing emerging technologies, YONSEI UNIVERSITY, (Coursera KDUK9V975XF2)	2022

HOBBIES AND INTERESTS

Football, Hockey, Gym, Drawing, Listening Music and DIY Projects

LEADERSHIP / EXTRACURRICULAR

Secured top 10 in Hack-z 2024_Dec, a National level Hackathon conducted by IEEE Photonics and COMSOC joint chapter and top 10 in Creatathon 2025-Jan, college level hackathon conducted by IEEE Advance technology for human and IEEE women in engineering
